

# Welcome to our celebration assembly!

---

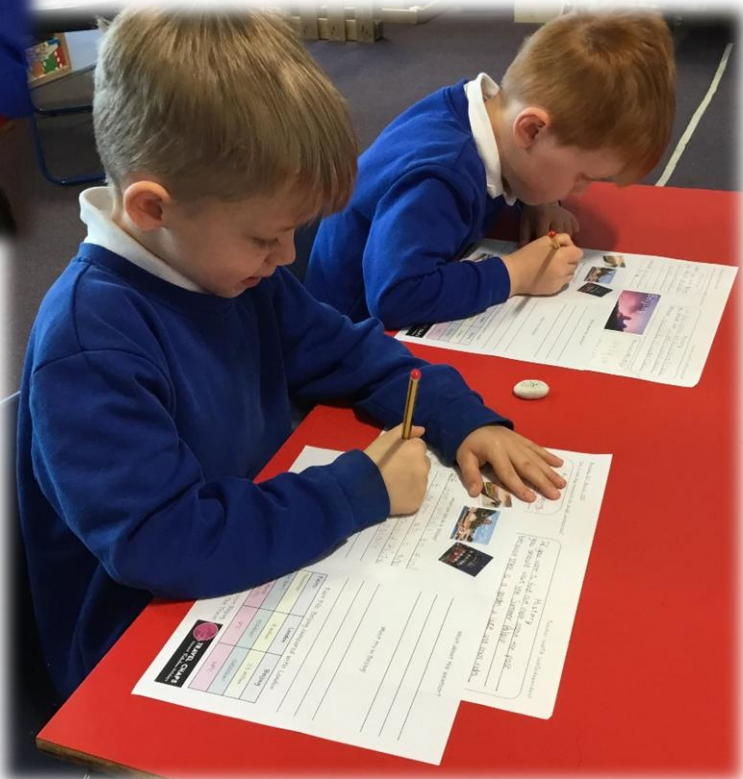

APRIL 4<sup>TH</sup> 2025

We can't wait to share our leaflets with the Travel Chaps!

We have worked so hard!

# Sunflowers

What can you do in Beijing?

You can visit the beach but it will take 2 hours on a bullet train. If you like history why not visit the Temple of Heaven? At the Beijing Zoo you might see some cute Red pandas and lots of other mammals. The people in China love ice skating.

What about the weather?

You can go to Beijing in June because it's sunny and dry.

Must try in Beijing!

When you go there you might see Peking duck on the menu.

Fact File: Beijing compared with London

| Facts:                         | London              | Beijing              |
|--------------------------------|---------------------|----------------------|
| Population                     | 9 million           | 23 million           |
| Area (km <sup>2</sup> )        | 1574km <sup>2</sup> | 16800km <sup>2</sup> |
| Average March temperature (°C) | 6°C                 | 14°C                 |

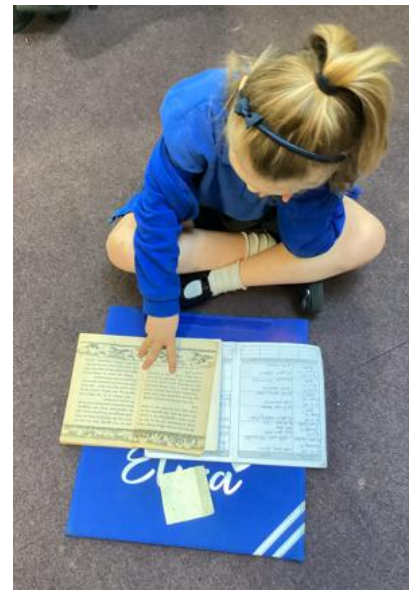

If you'd like to visit Beijing, speak to Ash at The Travel Chaps!

The Poppies have enjoyed practising their throwing and catching skills in the sunshine!

We love to read!  
Reading lots helps us to improve!

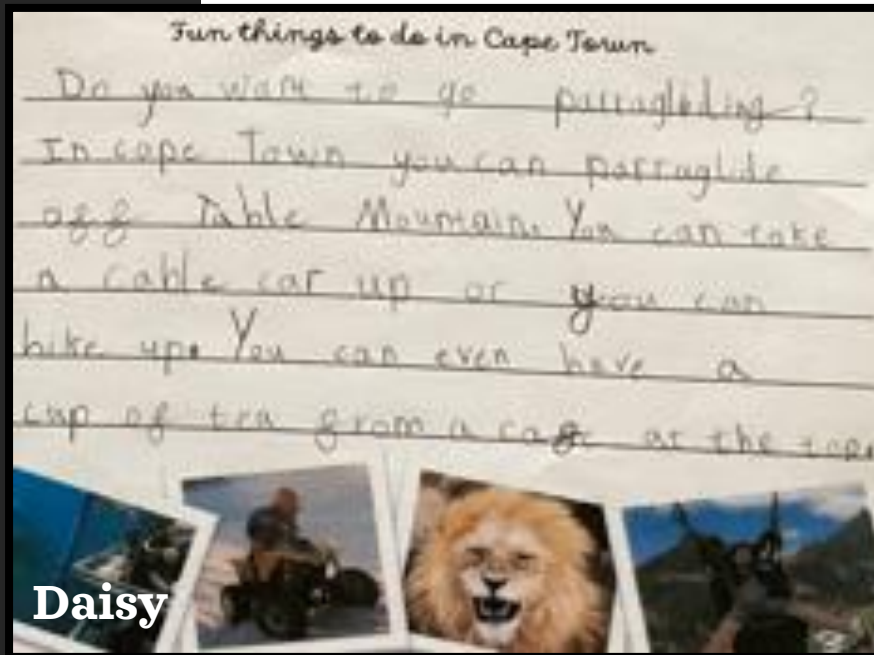

# Poppies

We enjoyed so much this week but especially writing leaflets about Cape Town, and, of course... the Meadows Rock Steady concert! WOW!

Bluebells

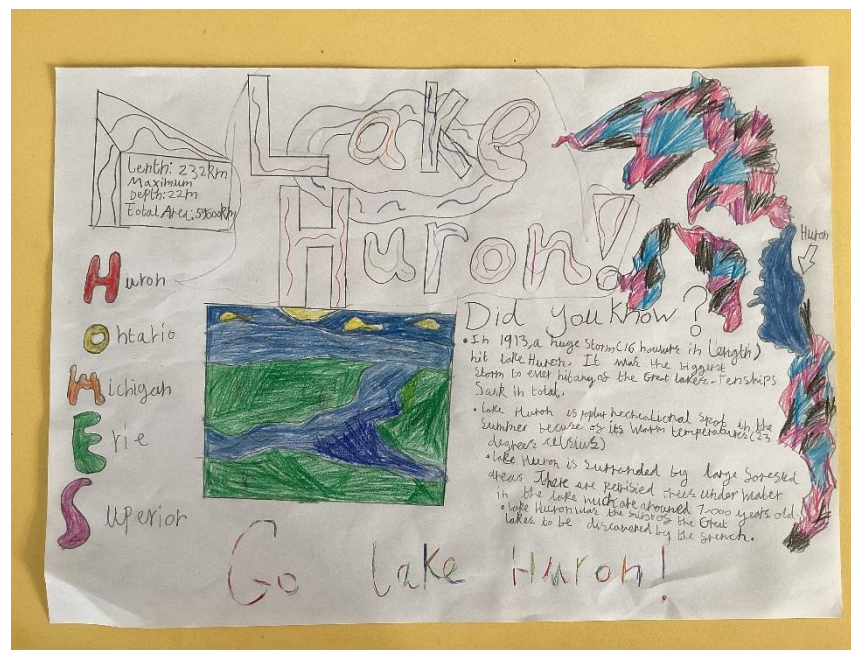

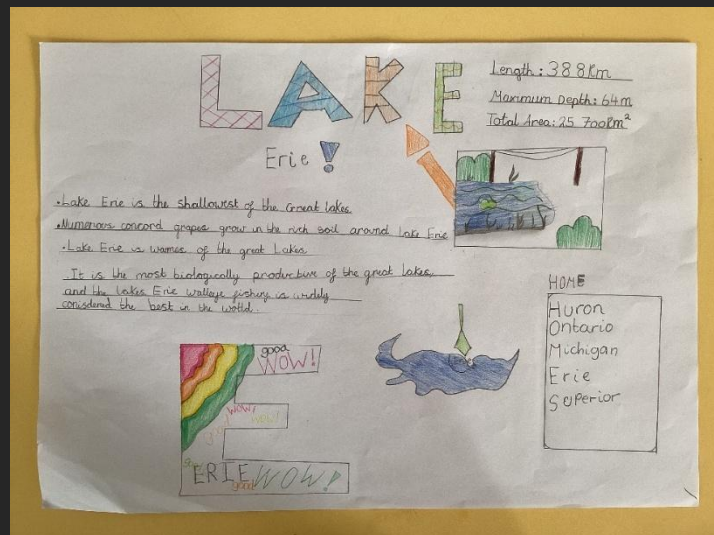

In science we have been learning all about plants. We did different experiments to help us find out how seeds respond in different environments. We found the best environment and are now growing sunflowers in the classroom.

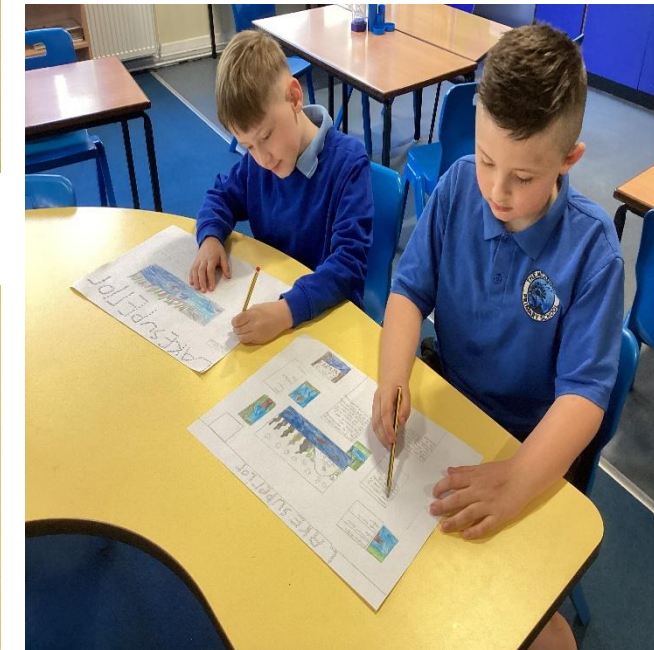

Pines

This week in the Blossoms class, we have been learning about The Great Lakes of North America.

We made some amazing posters with even more amazing facts!

Blossoms

We improved our  
knife skills by  
practising the claw  
and bridge cutting.  
We planned, prepared  
and ate our fish tacos!  
Delicious!

Oaks

Having designed our own robots, we wrote character descriptions to describe what would happen when we first turned them on.

Friday 28<sup>th</sup> March 2025

Character description  
inspired by The Extraordinary  
colours of Auden Dore.

I pressed a small, green button and the robot started to whirr and a flicker of light appeared on its eyes. I was so scared but excited and vivi was hiding behind a rock like a scaredy-eat. Two bright dots appeared in each eye as the round body shifted forwards like a ghostly ghost. Its shiny metallic head twitched every minute or two as it rose up from its chest and its steel mouth did a tiny scinty grin then glitched out. I stood back a little because I couldn't predict what it might do to me.

# Willows

Friday 28<sup>th</sup> March 2025

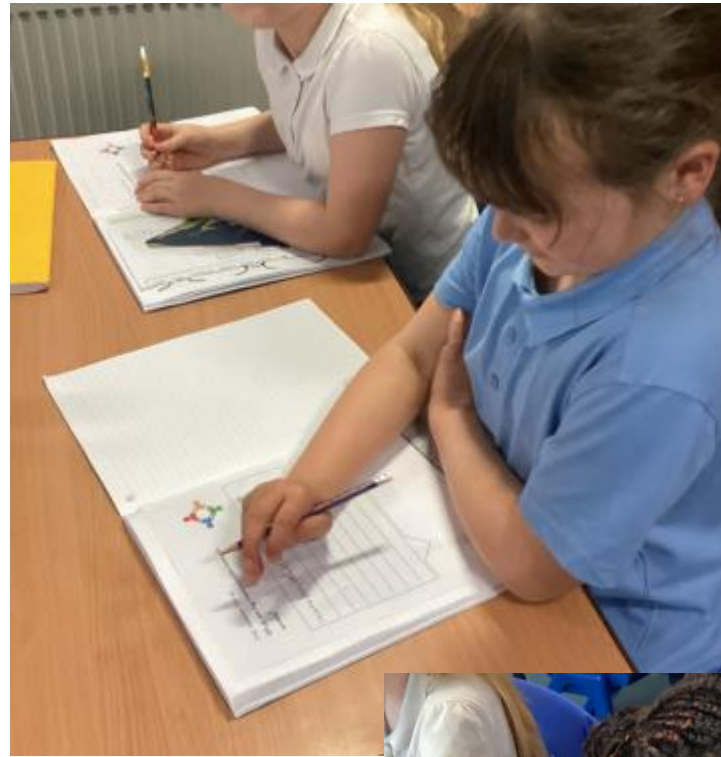

Character description inspired by the  
extraordinary colours of Auden Dore

I pushed the button. The alloy body buzzed and waited for the alloy. vivi head lifted up from tarnish's chest. Its grill was not as a oven, his. witeh eyes gleamed like a diamond and the silver fingers of the robot wobbled and fured into a fist. vivi and I were waxyous. The metalick hands wobbled and shook. The red cone was buffing as it was the life source of tarnish. No one knew what it can do. Its goldshney gear wulshney and it was gleaming. The pressure's key part of its hearing and the legs of the robot were its key to walking. The special usps of the robot were shut down.

We have enjoyed exploring what it means to be part of a community.

We were also able to identify things that we can do to contribute positively to society.

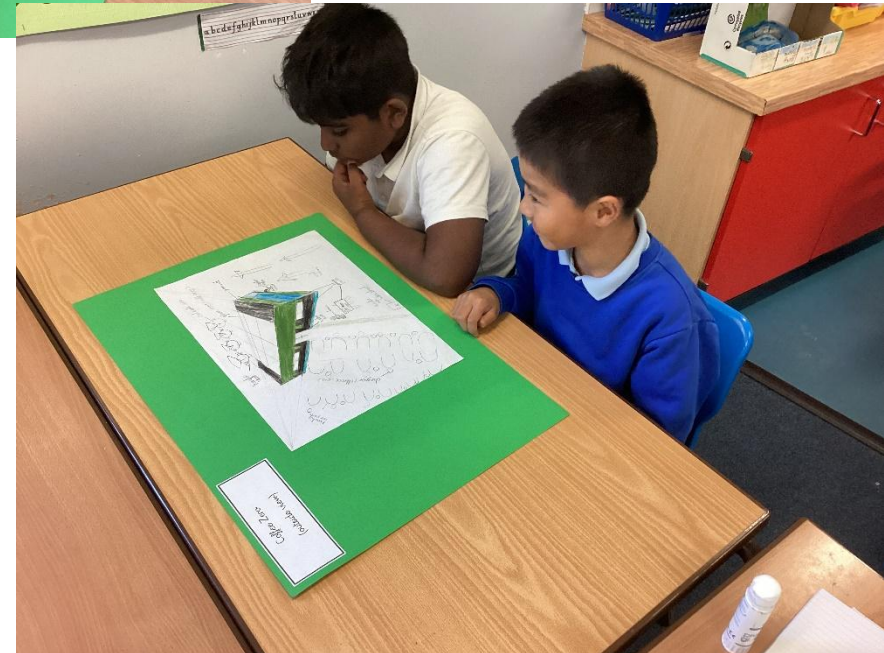

Sycamores

This week, we were  
delighted to share our  
learning from  
geography with our  
visitors.

Hedgehogs

This week in PE, we created our own group routines to showcase all the skills we have learnt over the past term.

Bunnies

# Goats

This week, we showcased our geography knowledge to a group of local experts in sustainability. They were blown away by our work!

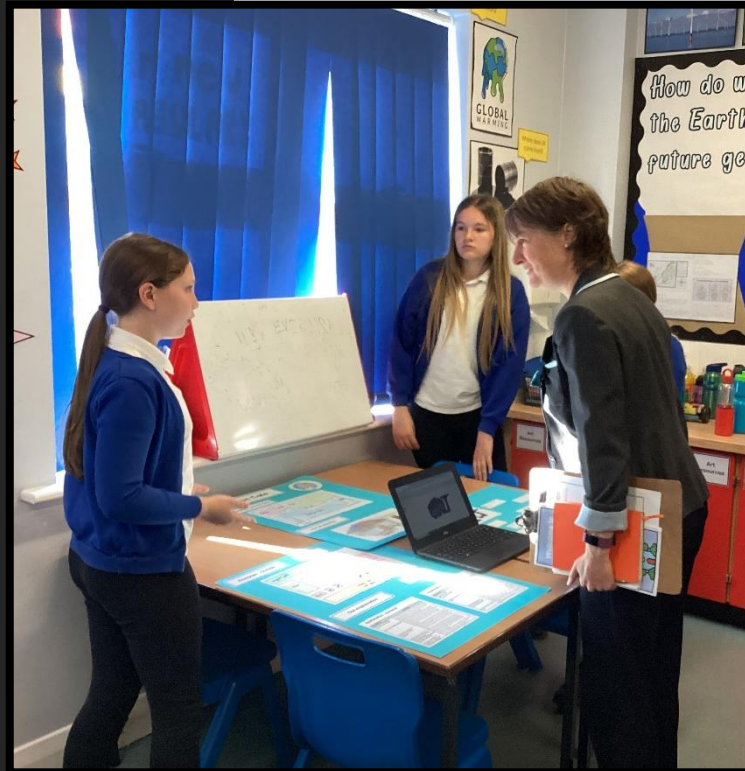

We enjoyed sharing  
our geography  
learning with some  
local experts!

They were really  
impressed!

## Chipmunks

Well done,  
everyone!

Together, we  
make a great  
team!
