

Welcome to
our
celebration
assembly!

26TH
SEPTEMBER 2025

Dragonflies

We love our
time in the
forest. It gives
us time to be
calm, learn to
cooperate with
each other and
be in awe of the
wonderful
world around
us.

The Bees have loved exploring the forest this week!

We also read the story of the Three Little Pigs and we tried to build strong houses out of sticks, straw and bricks to keep the pigs safe from the wolf.

Bees

We have been
working to
improve our
painting skills,
choosing the
most
appropriate
paintbrush for
the job!

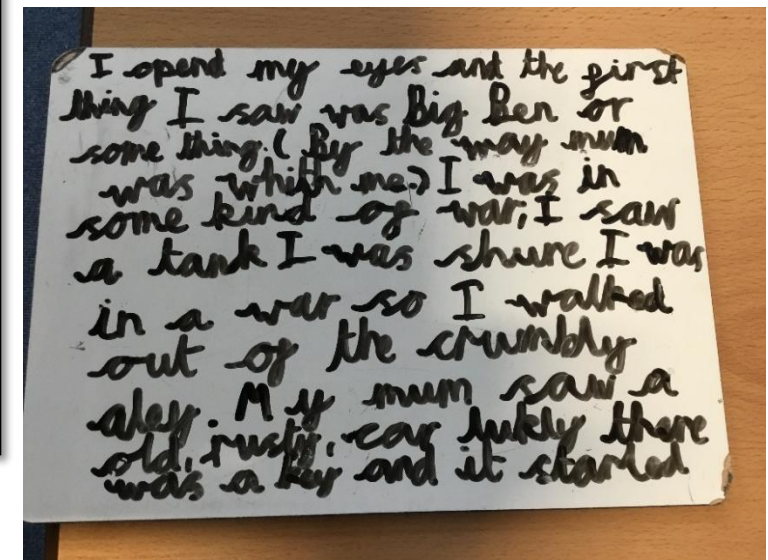

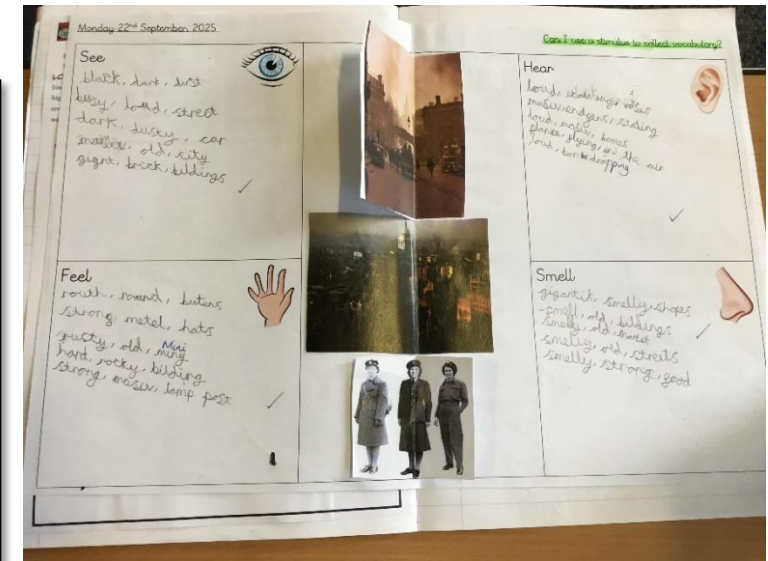

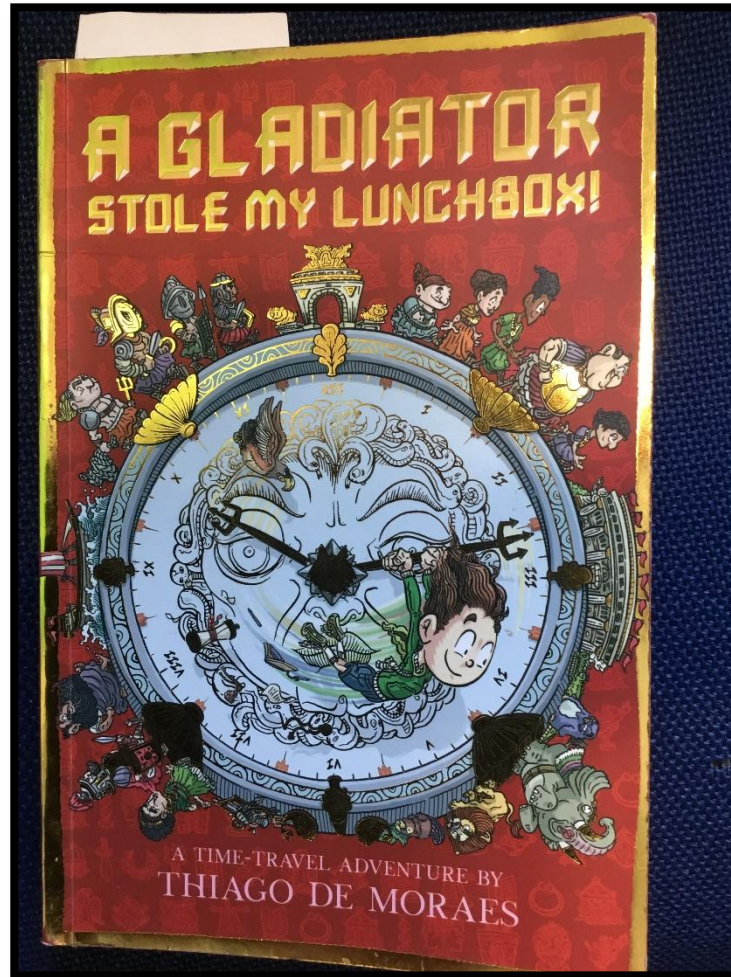

Spiders

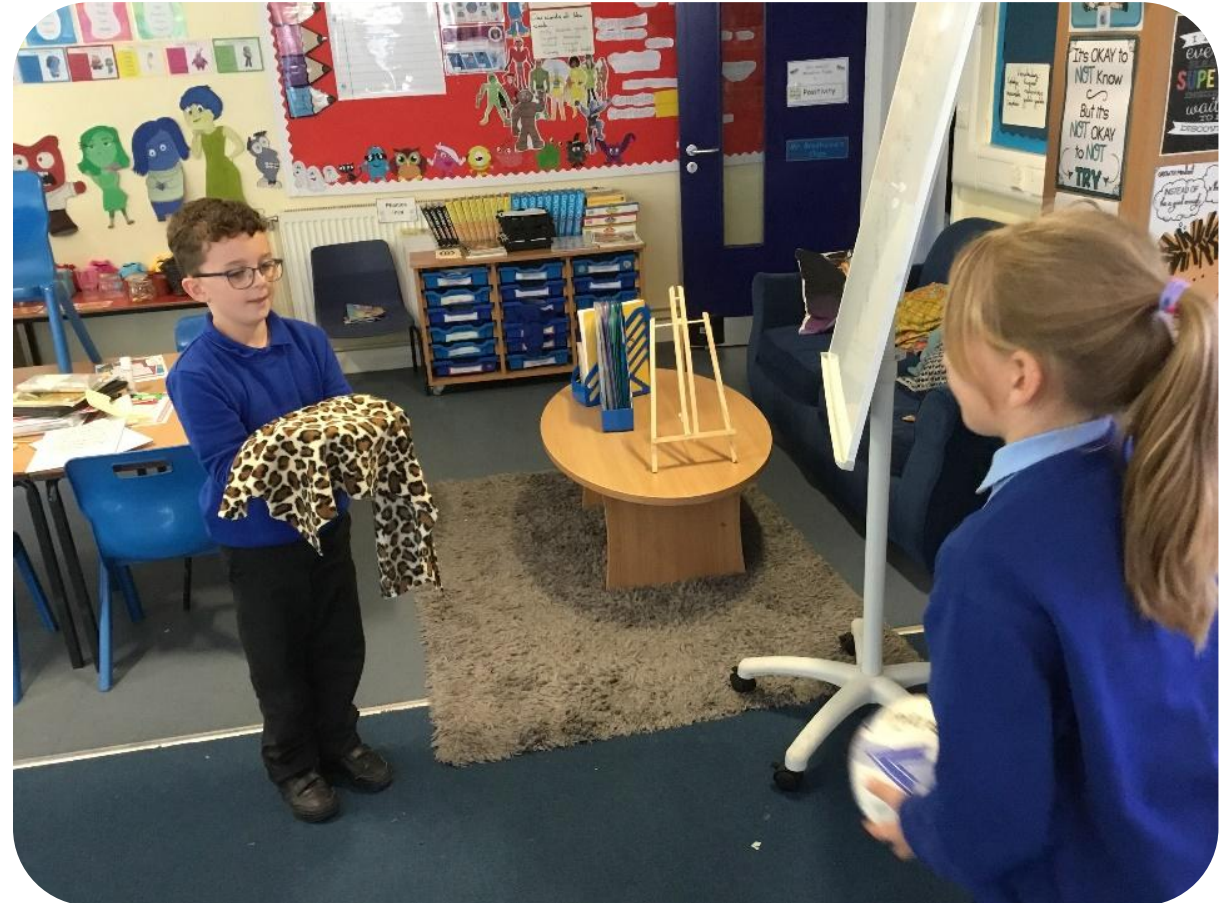

Squirrels

We are really enjoying our class book. It has inspired us to write a diary entry, helping us to imagine that we have time travelled to another time in history.

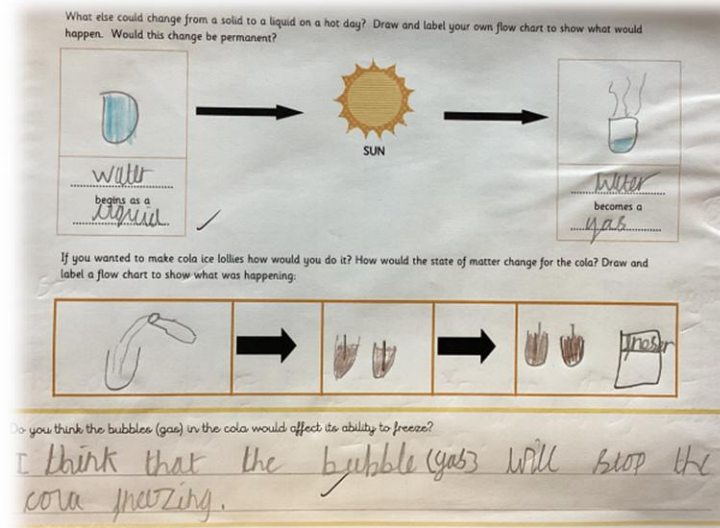

This week in our science work we investigated friction. The children tested which materials would make the best goalkeeping gloves. We tested fur, silk and leather.

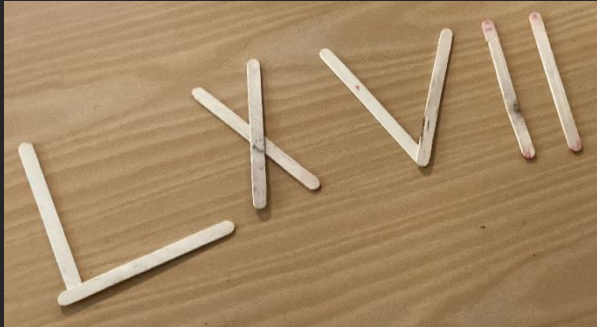

In science, we have
been learning
about states of
matter.

We have explored
reversible and
irreversible
changes.

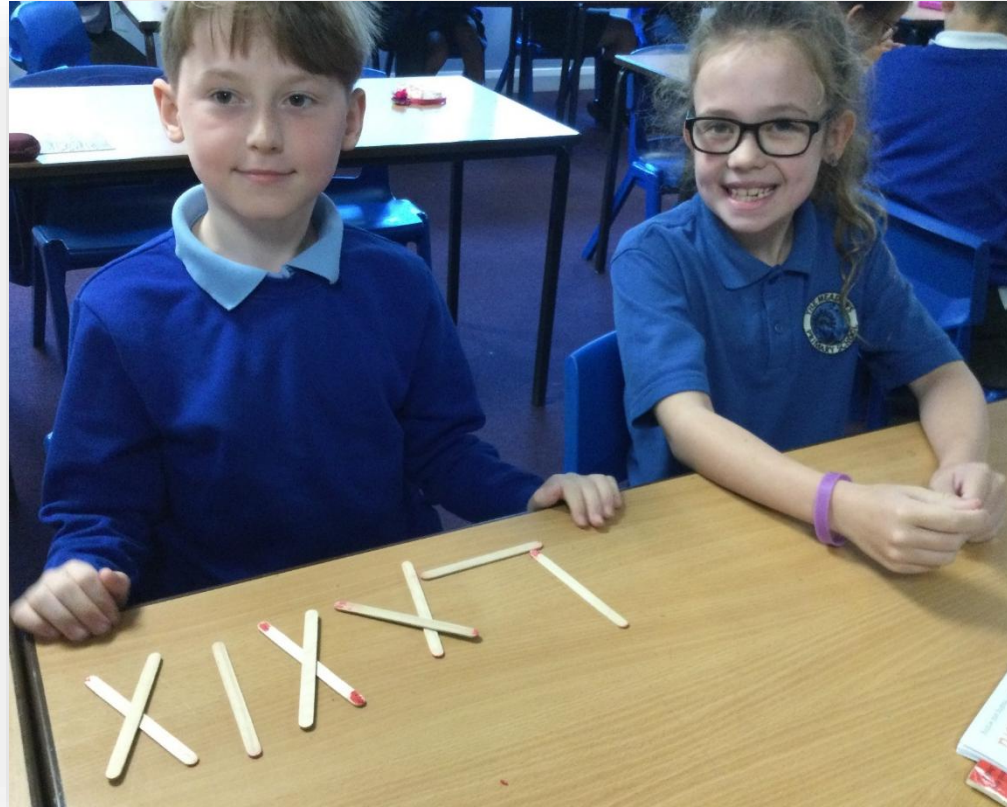

We used lollipop sticks to create different Roman numerals up to 100.

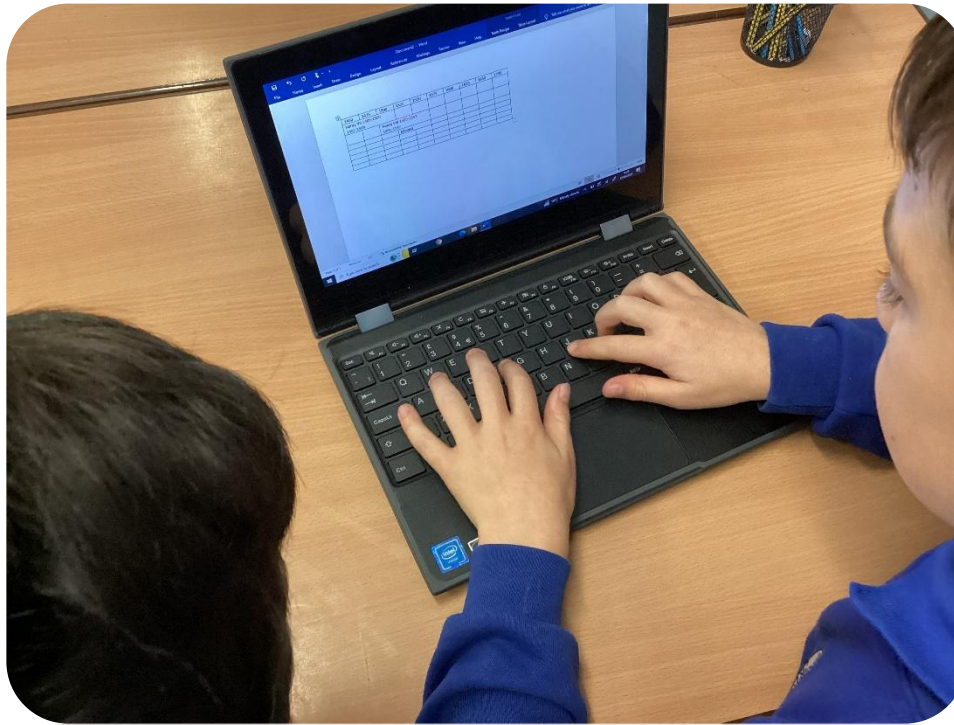

We will now write the Roman numeral date every day in our Daily 5 books!

Meerkats

We used
laptops to
create
timelines for
key Tudor
figures.

Fawns

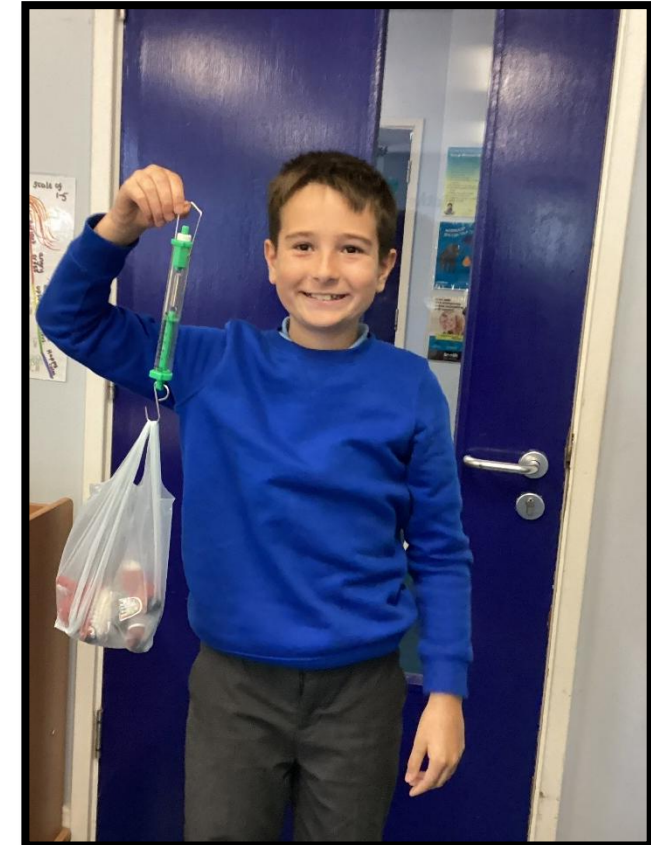

1450	1475	1500	1525	1550	1575	1600	1625	1650	1700
Henry VII 1485-1509- 1457-1509									
		Henry VIII 1509-1547 1491-1547							
			Edward VI 1547-1553 1537-1553						
				Mary I 1553-1558 1616- 1558					
				Elizabeth I 1558-1603 1533-1603					
				William Shakespeare 1564-1616					

In science, we have been investigating Newton meters.

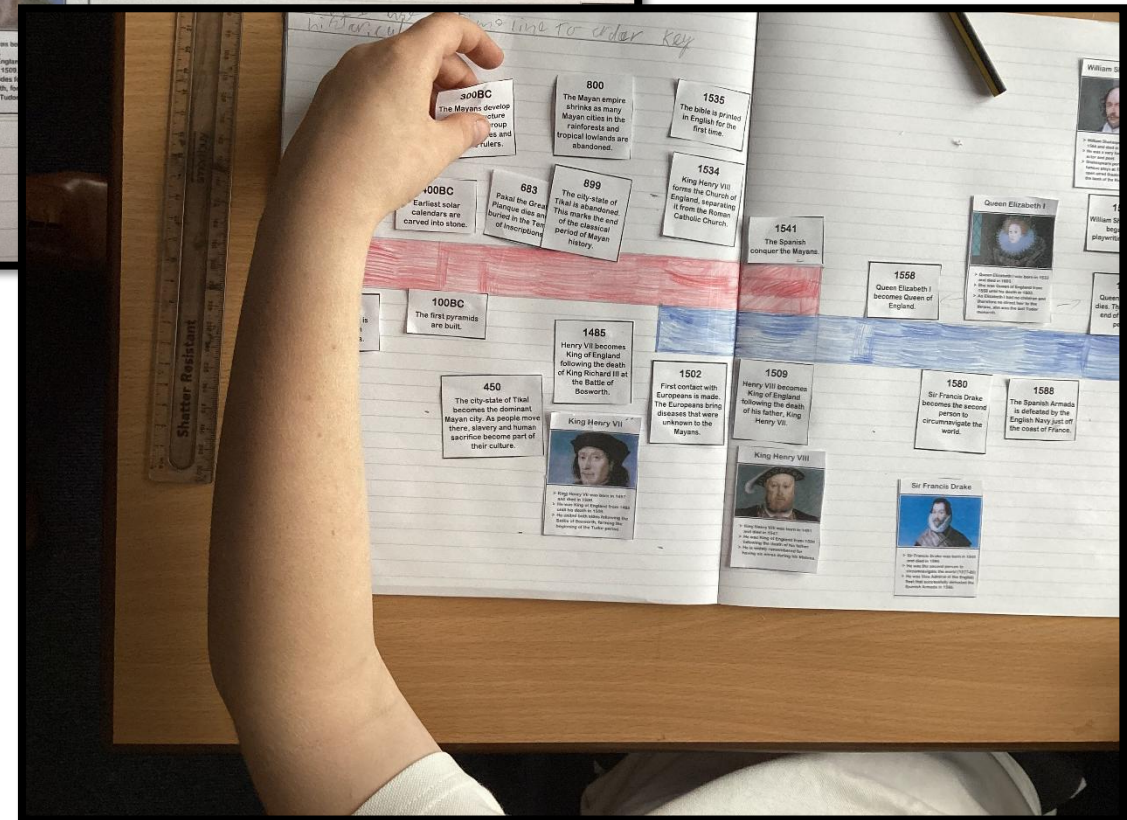

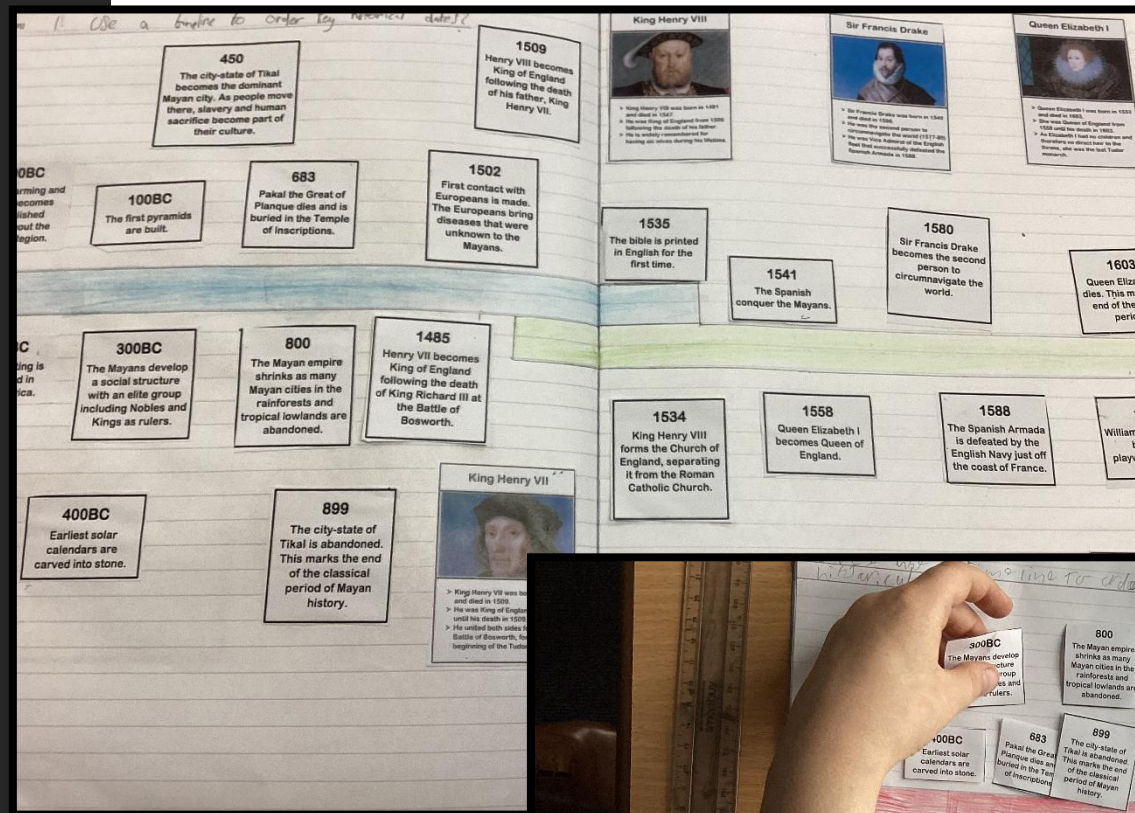

We choose different items to measure to find ones that were less than 1 Newton.

Wolves

In our history, the Capybaras have been creating physical timelines to compare and order key dates of both the Tudors and the Maya.

We've been
developing our
shooting skills
this week in
netball.

It was tricky,
but lots of fun!

Lemurs

Well done,
Team Meadows!

A super week of
learning
together.
