

Welcome to our Celebration Assembly!

NOVEMBER 21ST 2025

Dragonflies

We have enjoyed
designing and
making Victorian
spinning tops!

Bees

The Bees have been finding pairs of numbers which add up to 10. We've also been exploring what happens to magnets when you put them in water and making patterns using natural materials!

Year 1/2

Spiders

We had great fun researching, designing and making a spinning top for our authentic outcome presentation on the Victorians.

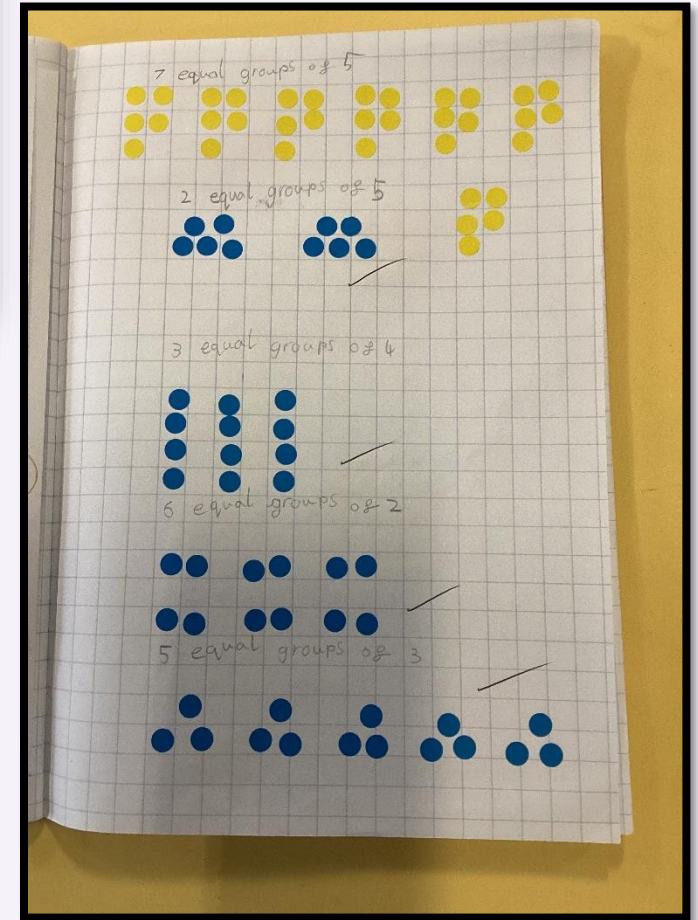

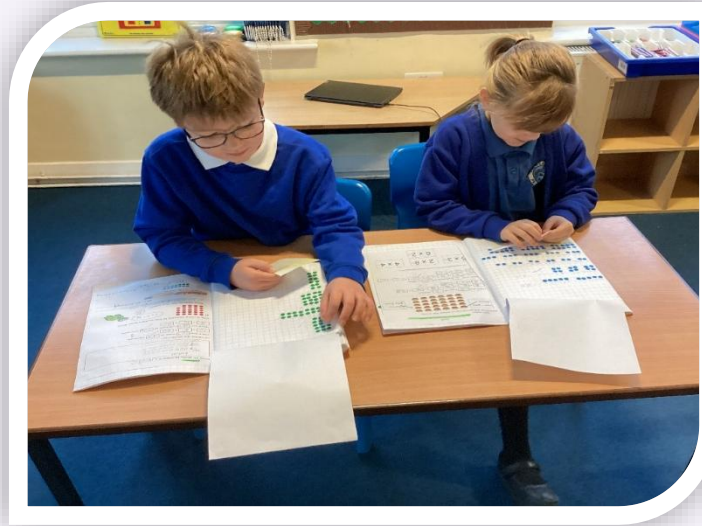

Year 2

We have been adding the final movements to our Viking dance!

The Hares have enjoyed using stickers to make equal groups and arrays in our maths lessons this week.

Hedgehogs

We have thoroughly enjoyed learning our dance about Boudicca in our PE sessions.

Year 4

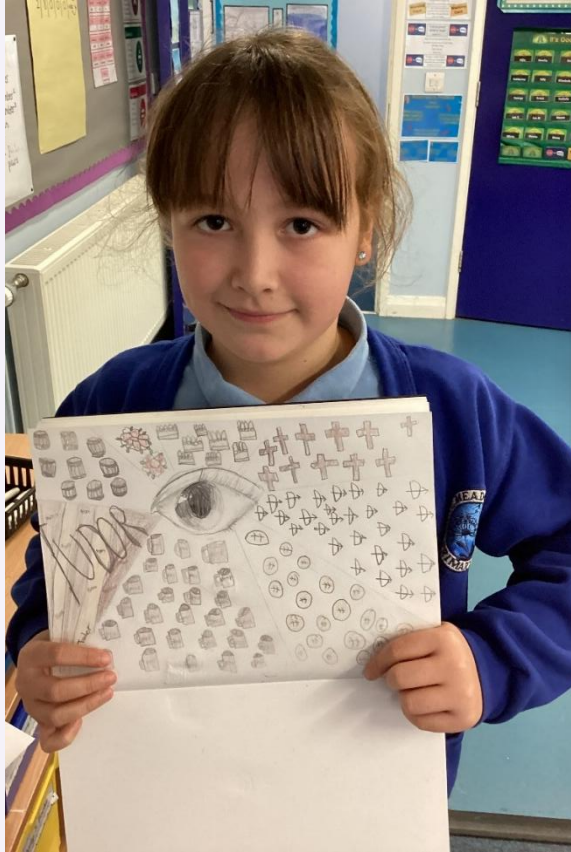

Meerkats

This week, we
learned to play
the glockenspiel
with two beaters!

We have
represented
Tudor life through
our art work.

Wolves

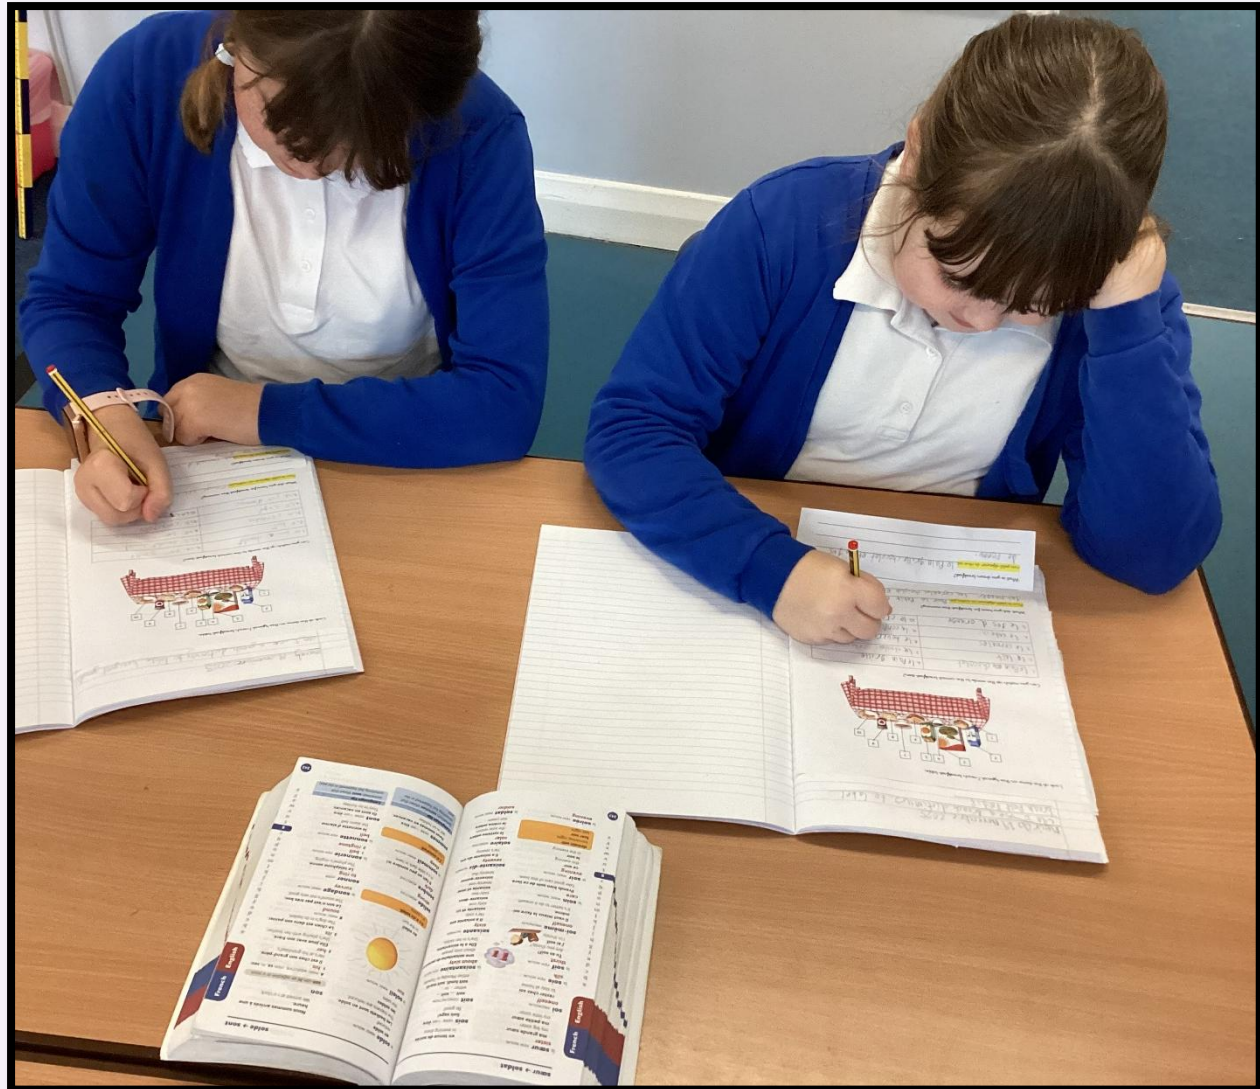

This week, we enjoyed using a game to help us learn the days of the week in French.

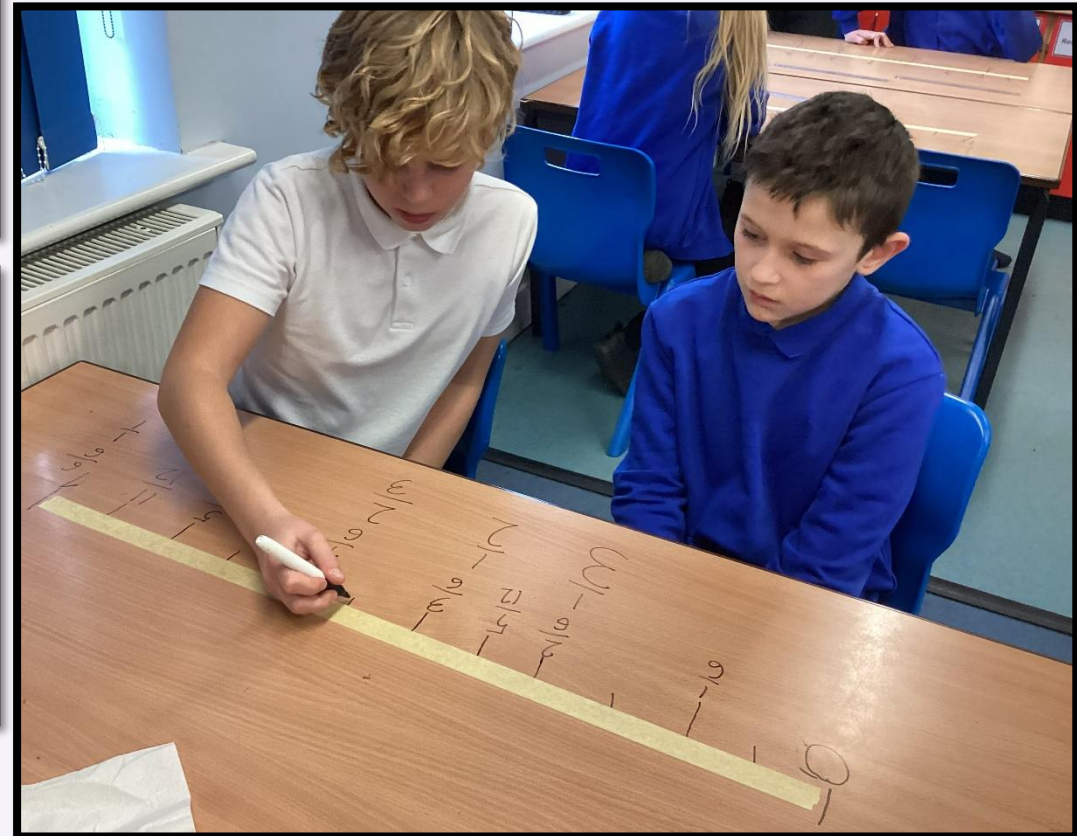

Capybaras

In our French, we have been learning how to talk about different foods – this week was about breakfast!

We used a
number line to
order fractions
this week!

**Well done,
everyone!**
