

Key Vocabulary

Forest School	Forest School is learning in a woodland space. It helps us to become more confident and teaches us how to work together.
Base Camp	Base Camp is the place we meet to begin our sessions in Forest School, and the place where we come back together to end our sessions.
Forest School groups	Our Forest School groups are: Acorns, Conkers, Berries, Squirrels, Hedgehogs and Robins. We go to Forest School with the same children every week.

This week our focus is...

Forest School

Please use the information below to support your child's learning at home

Our Forest Rules

- Forest School happens in the woods. If we are on the grass, we are not at Forest School.
- When we pass a stick to someone, it must point to the ground.
- We do not pick anything that is growing.
- We must not put our fingers or anything we find at Forest School in our mouth.
- When our session is finished, the grown-ups will call "1, 2, 3 where are you?" We will answer by calling our name.
- We wash our hands when we go back inside.

When we move sticks, we use rhymes to help us. We use the rhymes to measure sticks and understand space safely.

"If it's bigger than you, we need 2!"

"If it's bigger than me, we need 3!"

"If it's bigger than a door, we need 4!"

"If it's bigger than a stream, we need the whole team!"
