

This week our focus is

Winter

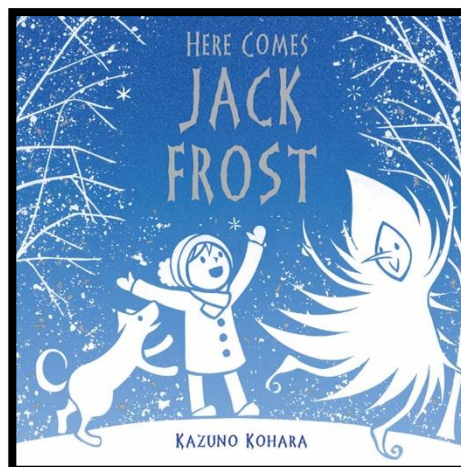

Please use the information below to support your child's learning at home

Key Vocabulary

Winter	Winter is the coldest season of the year. It comes after autumn and before spring.
Snow	Snow is the name for tiny clusters of ice crystals. They fall from the clouds in flakes.
Ice	Ice is frozen water.
Frost	Frost is the name for small white crystals of ice. They form on the ground and on cold surfaces outside.

A book we will be sharing:

Winter questions

- ❖ What shape do you need to make for a snowman's head?
- ❖ Can you find any ice outside?
- ❖ What clothes do you need to wear when you go outside in the winter?
- ❖ Do you know how to make ice?
- ❖ Can you see your breath on a cold day?

Playdough recipe

Instructions for an adult to follow:

- 2 cups of plain flour
- 1 cup of salt
- 2 tablespoons of cooking oil
- 4 teaspoons of cream of tartar
- 2 cups of cold water

- Place all the ingredients in a pan and heat gently. Keep stirring!
- When the mixture turns into a dough, it will be hard to stir.
- Empty it on to a work top that you have covered in flour. Knead it with your hands.
- Wait for it to cool.

If it snows this winter...

- ❖ Try making a snowman with playdough.
- ❖ What could you use to make a scarf and a hat?
