

Using Seesaw at Home

The Meadows Primary School

Updated January 2024

It is designed for
primary schools

Children can complete
work in a variety of
ways: *writing, drawings,
photos of work, voice
recordings and video*

It allows teachers
and children to
communicate about
work set

Children can access work
at any time and return
to tasks as necessary

All work can be
shared remotely

It works on all devices
and does not require
any special equipment

Activities set have 3 sections:

1. Instructions

2. Teaching slides/video/more information

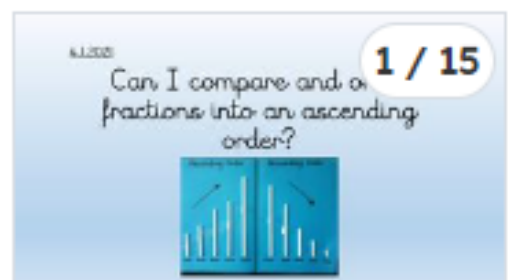

3. Template to complete work

1. Instructions

Year 6 Maths - Comparing and Ordering Fractions - shared on 4.1.21

Year 6 Maths - Comparing and Ordering Fractions - shared on 4.1.21

Hello Year 6!

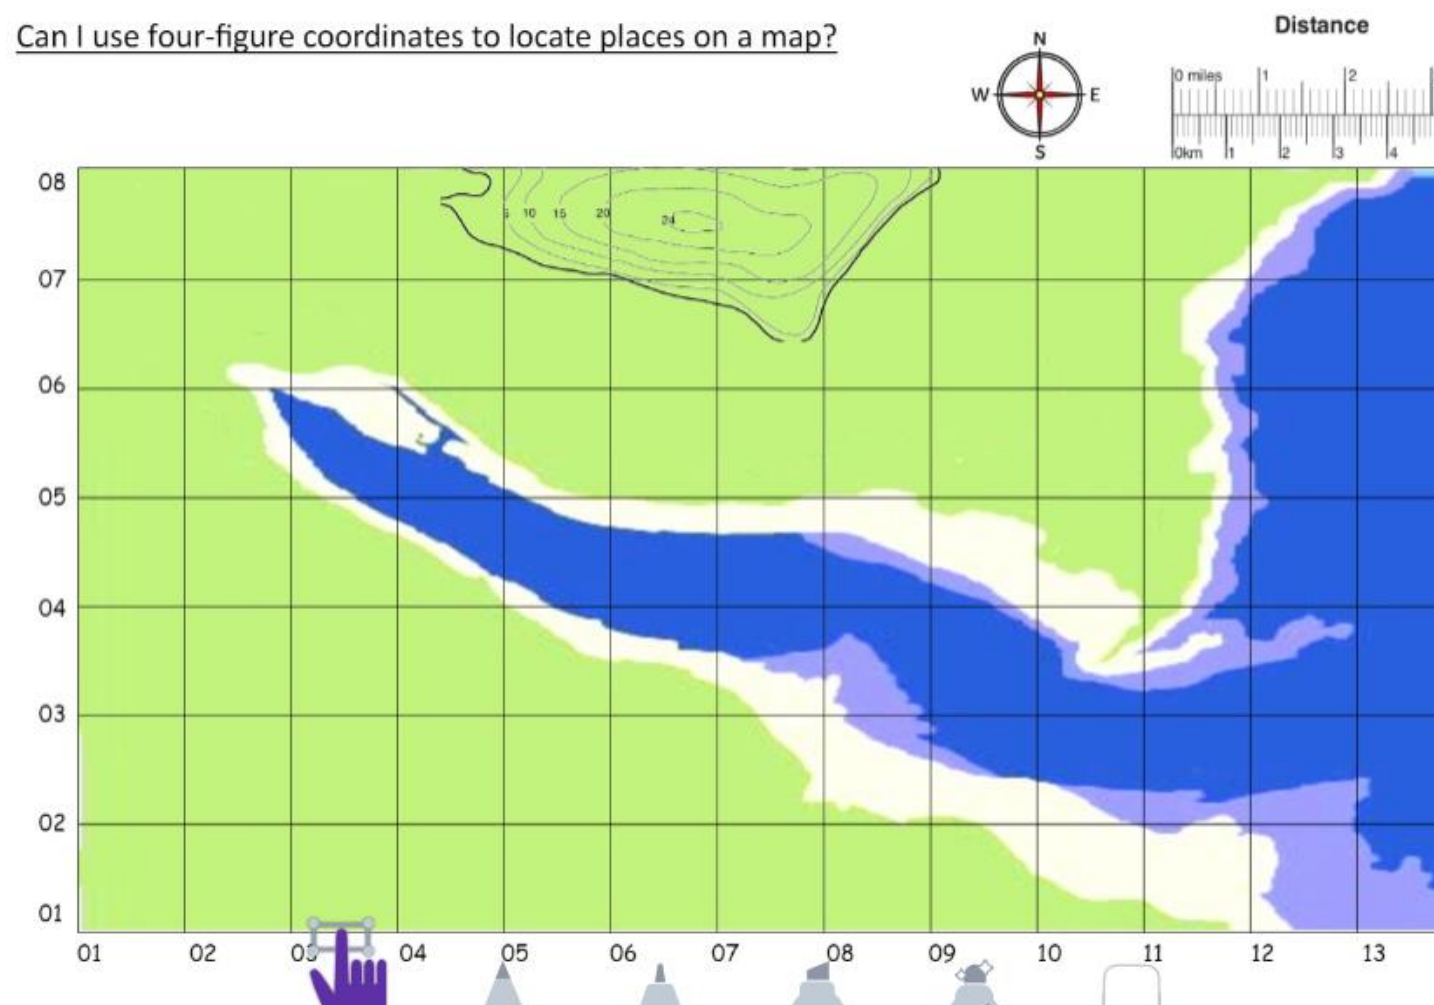

We are beginning our term by focusing on fractions this week. There is a presentation for you to work through, and some example questions to help you to revise comparing fractions.

2/3. Teaching slides or video on a template

View Instructions

Can I use four-figure coordinates to locate places on a map?

Children can respond on the screen using tools.

These include text boxes, a voice recorder, shapes and lines, drawing tools and photos.

The Template

The activity opens
onto a page with
a set of tools behind
it.

They can be used
to highlight, add
text and add shapes.

Template Tools (left side of screen)

Opens a text box for typing words or sentences

Opens the microphone to record spoken words

Opens the camera on your device to take a photo

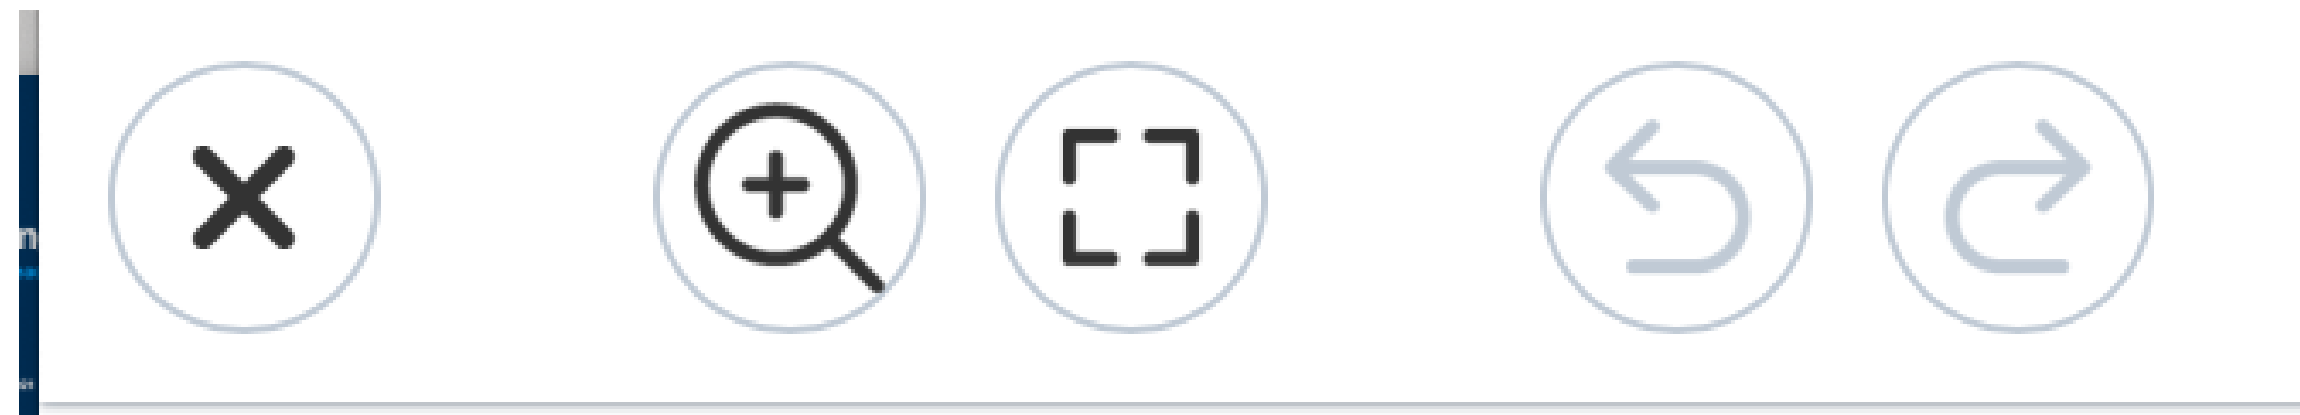

Adds shapes, coloured background or a link to a website

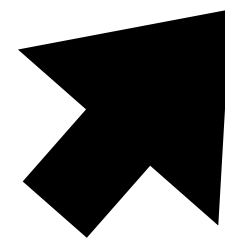

Adds a voice caption

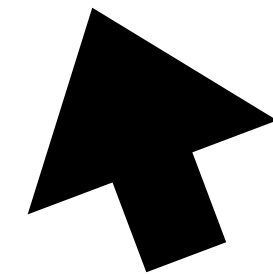

Template Tools (top of screen)

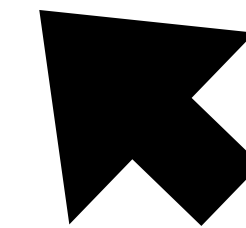

**Magnifies the
page**

**Shows you the
document without
the tools around
the edge**

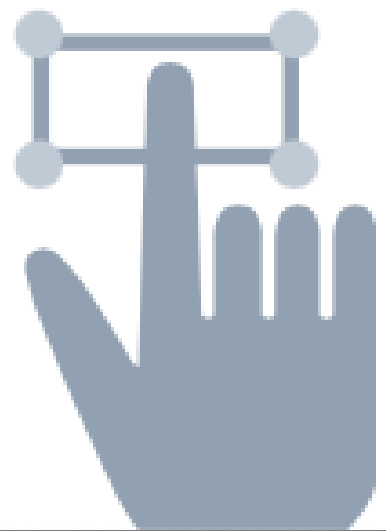

**Undo and redo
an action**

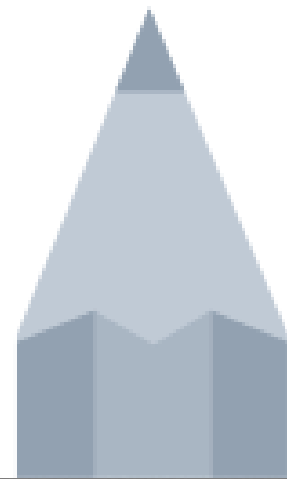

Template Tools (bottom of screen)

**Move an
object**

Pencil

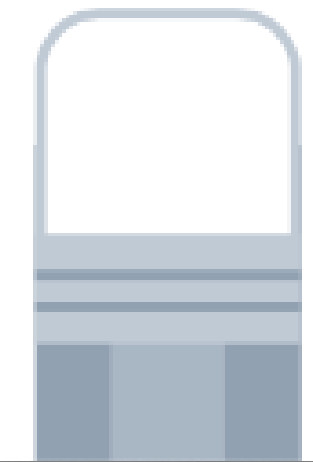

Felt tip

Highlighter

**Sparkly
pen**

Eraser

When work is complete...

If children would like a teacher to check what they have done, they can click on **'draft'**.

Click the **green** **'tick'** when the work is complete.

Teachers' actions...

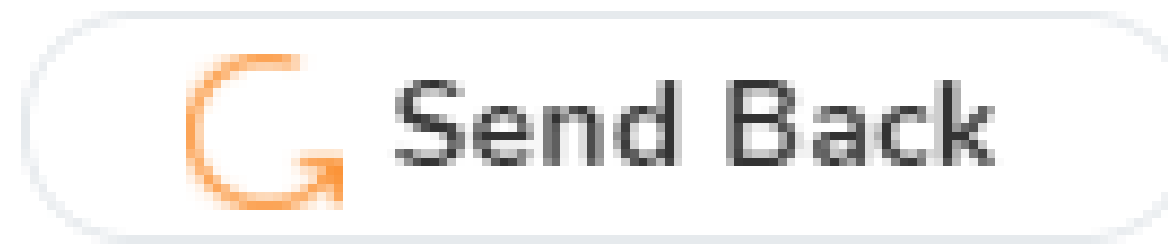

Teachers will **'like'**
a completed piece
to show that they
have received and
seen it.

Teachers may add:

- positive **comments**
- things they have noticed
- questions or next steps

Teachers' actions...

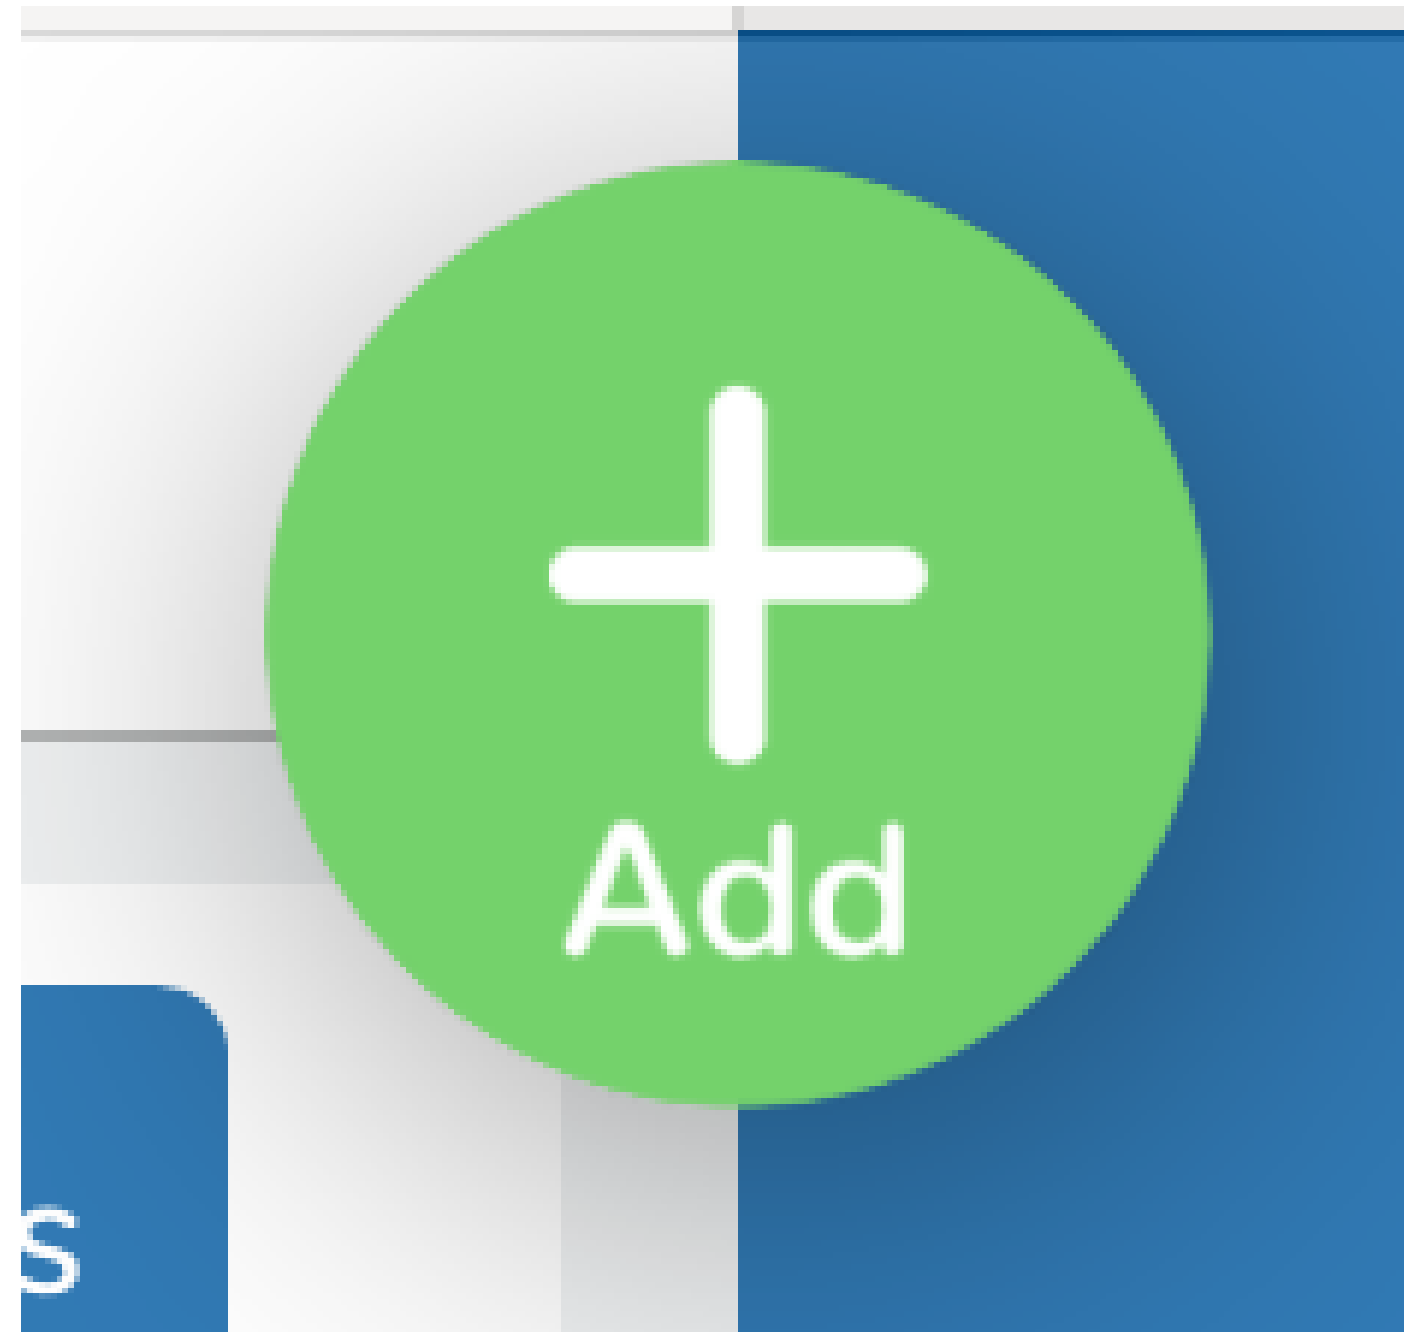

The work is
complete and
will go into the
child's online
journal.

A teacher may
use this button
if there is
something to
correct or change.

For emergencies!

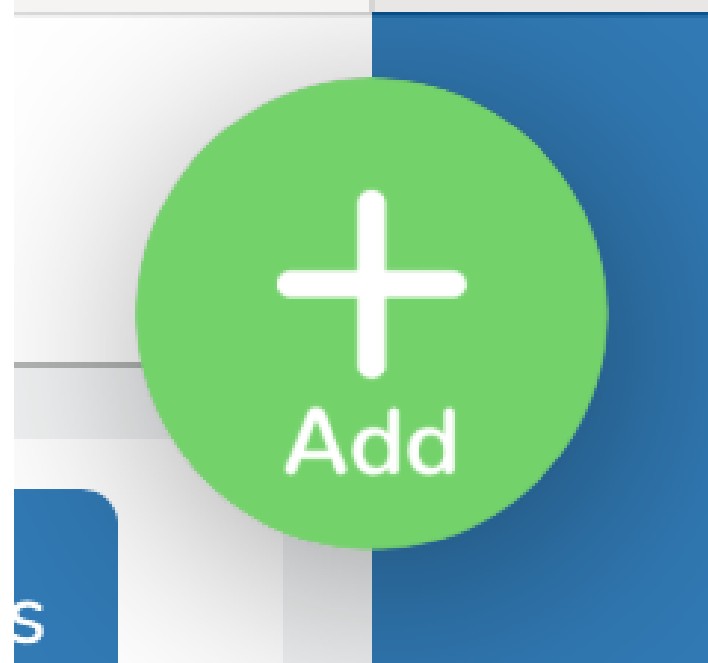

The big green button!

**Clicking on this will take the children to a blank template,
where they can choose an action.**

Options for sharing work...

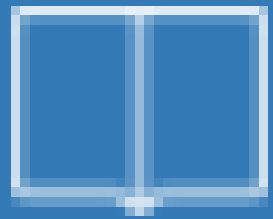

Note

Clicking on this icon will bring up a blank, lined page.

It can be used for writing messages or for completing written work.

and information**

Things to remember...

Your child's work is only able to be seen by the teachers.

All comments are approved by staff before they appear on the finished work.

We can send a new login code to you if you need it.

The same work is being covered at home and at school.

Children can respond in a way that is most comfortable for them.

We are here to help when you need us.
